

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and

without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children, too.

SIX WOUNDED IN AUTO ACCIDENTS

Alex Whitaker Suffers Broken Arm—E. G. Parham Fractures Shoulder.

A sharp swerve, made to avoid collision with another automobile which dashed out of Woodward street onto Lamar boulevard Sunday morning, overturned the Ford car of Alex Whitaker, salesman, 707 Adams avenue, and pinned him and his companion, Mrs. C. G. Dean, 275 East street, beneath the machine. Pinned from No. 17 engine house, nearby, raced to the rescue and lifted the machine. Whitaker, it was discovered, received a broken arm, while Mrs. Dean was severely bruised. The former was taken to the Baptist Memorial hospital and Mrs. Dean was taken to her home. The other autoist raced away without disclosing his identity, and his license number was not obtained.

Mr. Dean is superintendent of the Sunday school at Westminster Presbyterian church, Lamar and Bellevue. Whitaker attends Sunday school there. Mr. Dean arriving at church, discovered he had forgotten some music. Whitaker volunteered to go to his home and get it. Arriving at home, Mrs. Dean ready to go to church, and started to drive her back with him when the accident occurred.

It is in the narrowest margin that Kommet G. Parham, 26, optician, 644 North Garland place; his wife, little daughter and a neighbor child escaped death Sunday morning when a machine in which they were riding was struck by a motor truck driven by William Walker, 18, negro, Carr avenue, at Jefferson avenue and Claybrook street.

The Parham car was demolished. Parham received a fracture of the shoulder blade. Mrs. Parham and the "narrow child" were severely bruised. The neighbor child escaped injury. The injured were taken to the Baptist Memorial hospital in Thompson Bros. ambulance. Walker was arrested on a reckless driving charge after he was treated for cuts about the face.

RIPE HAD RIGHT.

For all sleuths could find out, W. D. Rife, of Wichita, Kas., and 325 South Front street, Memphis, had a perfect right to carry two electric fans down Main street in freezing weather. For the suspected larceny charge against Rife was changed on the police blotter to one of vagrancy Sunday by order of Detective Joyce and Klinek. The case was tried in city court Monday.

Activities Among Memphis Negroes

By Rev. T. O. Fuller.

"There is nothing that will quiet this war-torn world but the blessed gospel of the Son of God."—Father Harding Smith.

The Rev. W. H. Moses, of Philadelphia, will be in the city Sunday. He will preach at Salem, morning and night, and speak at Church's Auditorium in the afternoon. Rev. R. B. Roberts has him in charge for the day.

William H. W. Cochrell has made his bow as the editor of "The Record," published in this city. Success to you, Friend Cochrell.

Barlow & Moore is the style of the new undertaking firm at Ripley, Tenn. A good field has found good men.

Cotton pickers are getting as much as \$2.75 per hundred for picking "Decoy white" in some places and one Arkansas farmer got \$1.25 per pound for his good bale. Let there be no stampede.

Prepared young Memphis colored men are getting some fine offers now. They will make a place for you. Be efficient and patient and your opportunity will come.

The concert by the W. Y. C. A. at Howe Field night in the interest of the student volunteer movement was a success.

The Jane Terrell Baptist hospital is making some valuable improvements.

A large number of ministers attended the meeting of the executive board of the West Tennessee Baptist association held at St. Matthew's church near Ripley, Tenn. Rev. J. F. Bradshaw, pastor, "Education and the Churches" claimed the attention of the works. The principal address was made by Rev. T. O. Fuller, subject, "The Hour is Come." Other talks were made by Revs. A. Parr and H. Smith, of Brownsville, O. S. Harrell, Humboldt; J. McMichael, Memphis and J. J. Brewer, of Mack.

The executive committee of the Solvent Savings Bank and Trust company held an important meeting Friday night. Among those present were Drs. L. L. Thompson, C. A. Terrell, E. W. Irving, Rev. T. O. Fuller, George Birum, B. M. Roddy and J. W. Sanford.

Sergt. Needham Roberts, known as the "Hell Fighter," will tell the story of his experiences in the great world war at Church's Auditorium Thursday night, Nov. 20. A large audience will greet him.

World thought may be stifled but it will finally come into its own like the truth that is crushed to the earth.

Gov. Roberts of Tennessee is making a considerable record for law and order. May God give him new strength and courage for his noble task.

The darkness through which our beloved city is passing marks the dawn of a new day. Let us hope and pray.

Many serious things would never have occurred had not some busy, industrious person suggested it. And nobody can beat him expressing his surprise and regrets. Hush!

Well, the stage is set. Now let those who have constructive programs begin calling off their numbers. Who will be the first?

The activities of the Industrial Welfare committee of the Chamber of Commerce, of which Mr. George R. James is chairman, are exceedingly pleasing to the negroes of Memphis. A number of negro leaders are working all the while for better race relations in the South and something tangible on the part of our white friends will help no little to steady the situation.

Dr. W. H. Moses, of Philadelphia, will spend the week in the city. Thousands will hear him at the First Baptist church.

Dr. Sutton E. Geiges has under advisement an offer for special field work in Chicago in connection with the Olivet Baptist church, of which Dr. L. K. Williams is pastor. The church has about 9,000 members, two church buildings and a big social program.

Dr. S. N. Vass, of Raleigh, N. C., will be in Memphis this week in the interest of the Sunday school publishing board, of the National Baptist convention.

A revival began at the First Baptist church, St. Paul avenue, Sunday night. Tuesday afternoon at 3 o'clock there will be a special meeting for young people. Wednesday afternoon there will be a special meeting for women, and Thursday afternoon there will be a special meeting for men. People all over the city are invited to attend these meetings.

Prof. J. D. Crenshaw, of the National Baptist Voice, Nashville, Tenn., is in the city.

The Rev. J. A. Mitchell attended the board meeting of the West Tennessee association at Ripley.

Sunday was a big day for Salem Baptist church. The services at 11 o'clock were largely attended and at 3 o'clock the congregation went to Church's auditorium and held a big mass meeting and heard addresses by Lucy McClinton, Rev. W. W. Whitton and Dr. W. H. Moses, of Philadelphia. Later, they went to Florida and Iowa, where several of the deacons of the site for their new \$25,000 church attracted an immense crowd.

PRETTIEST GIRLS IN MEMPHIS ARE TO BE PUBLISHED WEDNESDAY

Publication of the photographs of the 12 prettiest girls in the city of Memphis, an event looked forward to with widespread interest, will be made Wednesday in The News Scimitar. Already photographs of some of the prettiest contestants have been published but the publication of the prettiest 12 will be final, as the committee of judges is to meet Monday evening.

More than 250 photographs of the fairest girls and women in Memphis have been submitted to the Marguerite Clark beauty contest editor during the past two weeks. From this large number of photographs, the committee, composed of O. K. Houck, chairman, T. H. Robinson and Angelo Cortese, must pick the prettiest 12.

LYONS PICKED WINNER; NO LONGER ON FORCE

Patrolman J. C. (Sandy) Lyons was dismissed from the police force Sunday night by Capt. Mike Kehoe, who was acting under orders of C. B. Quinn, fire and police commissioner. The reason given was "for the good of the service," the old stereotyped reason that has accompanied the handing of the blue envelope to many a policeman in the days gone by.

Whether it was the service, or because "Sandy" picked a winner at the last election, and supported the Citizens' ticket, which won over the Williams crowd which had the administration backing, is a matter for speculation. Just one thing is sure, "Sandy" was let out. And it still is six weeks before the successful Citizens' ticket candidates take office.

"Sandy" shot and killed "Bill" Latura, one of the last of Memphis' "bad men," about four years ago. He claimed self defense, and was exonerated of all blame in the killing later. "Sandy," who had been on the police force for years, is known as one of the best pistol shots in the department.

NEGROES TO BE USED IN FEDERAL CENSUS JOBS

NEW YORK, Nov. 17.—Negroes will be engaged as federal census takers in sections where they form the largest element of the population for the first time in history, Arthur G. Dore, U. S. supervisor of census, announced today. Preference will be given to negroes who were in the military service.

Mr. Dore said representative negroes had informed him there had never been an accurate counting of the negroes of this country. This is due, they complained, to the fact that white enumerators classified as "white" those negro men and women of light color.

EMACIATED SHELL-SHOCK VICTIM PUZZLES DOCTORS

NORFOLK, Va., Nov. 17.—Naval medical authorities here today were mystified over the case of Harry Joseph Harley, naval enlisted man, discovered under a building at the naval base Saturday after a 60-day disappearance. Harley was known to be suffering from shell shock before he disappeared and it is believed this developed into a sleeping sickness.

When found he was badly emaciated, weighing only 61 pounds. When he disappeared he weighed 161 pounds.

NO SUGAR AVAILABLE IN SHEFFIELD STORES

SHEFFIELD, Ala., Nov. 17.—A canvass of local grocers here shows that sugar is not available today. A shortage has been evidenced for several weeks. One shopper obtained two pounds Saturday at the rate of 33 cents per pound.

OPERATIONS RESUMED.

PITTSBURGH, Pa., Nov. 17.—Operations were resumed today at the Mingo Junction plant of the Carnegie Steel company, according to an announcement at the company's general office here.

It will require at least three days longer for those photographs to reach Miss Clark who is now in New York city and several hours will be allowed her in which to choose the winner. The presentation of the silver loving cup probably will be made the latter part of the week. This cup now is on display in the window of the Julius Goodman jewelry store, 3 South Main street.

Girls from all walks of life are entered in the competition, most of them beauty and embodying all the types of feminine loveliness.

The photographs have been turned over to G. E. Brown, publicity director of the Memphis Enterprises, Inc., for presentation to the judges.

DAN WILL TELL HIS HONOR THE SECRET

Charged with delivering only 1,000 pounds of coal out of a 1,900-pound lot, at retail by the basketful Daniel Davis, negro, South Second street, was in for a lot of explaining when his case came up in city court Monday. Dan was arrested by Detectives Joyce and Bishop on complaint of the Caradine & Bridges Coal company, Dan's employers.

The company got the tin on Dan's peculations from a negro coal peddler, who said Dan was retelling cheaper than he could purchase.

LABOR UNIONS TO GET MERIDIAN DISPATCH

MERIDIAN, Miss., Nov. 17. (Sp.)—It is generally rumored about the city and confirmed from good sources that the labor organizations of the city are contemplating operating of the Meridian Dispatch, morning newspaper.

It is said that negotiations for taking over the paper have been under way for some time. It is said that H. H. Weir, president of the State Federation of Labor and Meridian Trades Council, has been to Mobile to open negotiations for the purchase and operation of the paper.

LEAVE CASE OF BOOZE FOR WRECKING CREW

The wrecking crew swooped down on a place on Beale avenue, just east of Second street with such rapidity Saturday night that the proprietor fled, leaving behind a case of perfectly good whiskey.

Ed Pass, J. J. Lanigan and Ira Holland, the wrecking crew, got the whiskey and Sheriff Perry says the two proprietors, Italians, will be arrested soon unless they leave the city.

COUNCIL TALKS OVER HUN SHIPS HELD BY U. S.

PARIS, Nov. 17.—The status of the Imperator and other German ships aggregating 170,000 tons, now in the possession of the United States, was discussed by the supreme council today but no action was taken. Great Britain has claimed that the action of the United States shipping board in retaining the vessels violates the agreement in the council that they should be turned over to the British as soon as they had finished transporting American troops.

The council decided that the oil tank steamer Germany now is surrendering be taken to the Fifth of North and entrusted to the guardianship of Great Britain.

ONE KILLED IN WRECK.

LANCASTER, Pa., Nov. 17.—One man is dead, another is dying and several injured today as a result of the derauling of a freight train by the Buffalo express on the Pennsylvania railroad near here. The trains were eastbound. Both engines were overturned and the fireman of the freight train was sealed to death. A trainman is believed to be buried in the wreckage. Another trainman is in a dying condition.

SURVIVORS REACH U. S.

NEW YORK, Nov. 17.—Capt. W. N. Anderson and seven members of the crew of the American steamship Beechland, destroyed by fire off Sierra Leone, taken to Liverpool by another steamship.

Africa, Oct. 29, arrived here today on board the British steamship Egori. The Beechland, of 1,996 tons net, was built at Orange, Tex., and was bound for New York with a cargo of mahogany logs. Twenty-nine of the crew were taken to Liverpool by another steamship.
